

Dear Devine ISD Parents/Guardians and Students,

With input from parents and the community, DISD administrators and teachers have been working every day to coordinate our back to school plan for the upcoming school year. Based on guidelines from the Texas Education Agency (TEA), the Governor's Office, and our local authorities, we intend to have a very clear plan for a safe return to our campuses. Devine ISD is committed to the health, safety, and education of all students.

As students begin to participate in various on-campus activities, including band, athletics, and other organizational aspects, school personnel are following safety precautions from the moment students arrive. These guidelines include, but are not limited to, health questions, health screens, and the use of personal protective equipment.

Parents and students also have the following responsibilities as a part of the agreement to attend school activities. These responsibilities are as follows:

- If at any time a student feels they have been in contact with a confirmed positive case of Covid-19, they must notify the activity sponsor and remain home until a confirmation interview can be conducted.
- If at any time a student begins to experience symptoms related to Covid-19, they must notify the activity sponsor and remain home until a confirmation interview can be conducted. Symptoms include: cough, runny nose, shortness of breath or difficulty breathing, nausea or vomiting, feeling feverish or a measured temperature greater than or equal to 100 degrees, loss of taste or smell, headache, sore throat, shaking or exaggerated shivering, significant muscle ache or pain, diarrhea.
- If at any time a student becomes a confirmed positive case of Covid-19, they must notify the activity sponsor and remain home until a confirmation interview can be conducted.

If a student is determined to be a confirmed positive or confirmed close contact for Covid-19, school officials will notify all parents who have students involved in the activity and individually notify parents of the students having direct contact with the aforementioned student. Due to privacy issues, individual student names must remain confidential.

By signing this statement, I agree to follow the guidelines for notifying school officials and understand the notification process school administrators and sponsors will follow.
