# SARAH MINNER

I was born and raised in San Antonio, Texas and earned my bachelor's degree in Interdisciplinary Studies from The University of Texas at San Antonio. I have spent my career in Edgewood ISD and started as a Resource and Inclusion Teacher at Perales Elementary. I then transitioned and worked as a LIFE Skills Teacher at Las Palmas.

While working at Las Palmas, I obtained my master's degree in Special Education with an emphasis in Emotional Disturbances and Autism from Our Lady of the Lake University. Shortly after graduating I became an Autism Itinerant Teacher and serviced students and their families from PreK-12. During my time as an itinerant, I became well versed in utilizing technology to increase the communication of students with autism which led to becoming the Special Education Technology Specialist. As a specialist I supported special education technology and the multiple components of special education programming at campuses.

I am entering my 16<sup>th</sup> year in Edgewood ISD and am the 18+ Transition Coordinator at The Burleson Center. I support students, families and teachers in the program to facilitate successful post-secondary outcomes for adult students with disabilities.
