f. Please give a heads-up ahead of time if you can’t make a meeting, after two unexcused absences BOD can vote to remove a Director.
g. Board is only the Board when we’re together. Cannot individually communicate with families, can’t speak on behalf of the BOD.
h. Conflict Resolution Process – part of the culture we’re trying to improve, make it part of our culture that we resolve conflicts with the person with which we have a conflict. Family cannot come to Board member, need to write a formal complaint addressed to President. Discuss further in June.

14. BOD Goal: Communication
   a. May 20 Coffee with the Board – scheduled that we will share results of Family School Partnership Survey and engaging with members of community on getting more information.

   d. How do we improve engagement at the school? How do we get good detailed feedback?
      i. Focus group?
      ii. Kresta and Donetta are taking training to improve family engagement

In accordance with the Colorado Open Meetings Law, also known as the Sunshine Law, the Board must give notice to the public anytime they schedule a meeting of more than three (3) board members to discuss business concerning the school. The Colorado Sunshine law does allow for the meetings, or portions of the meetings, to be held privately when the subject matter being discussed must remain confidential so long as no formal action is taken during the private portion of the meeting, called the “executive session”. The Sunshine Law strictly defines eight (8) criteria under which a private executive session can be held, personnel discussion being one of them. The law also states the community must be informed of the meeting and the criteria under which an executive session must be called.
