* Testing mode refers to how the student will be administered the assessment. The two types of mode are computer and paper and pencil; some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your son/daughter has a medical issue that would not allow him/her to take the assessment on the computer.

** Testing time is the maximum amount of time allotted for students to complete the assessment. Most students finish well in advance of the allotted time.

*** The testing window is the period in which districts can administer the assessment; it is not the actual number of days it takes a student to test. Schools can choose which days within the testing window that it wants to assess students. Please inquire with your school administrator about the exact testing dates of the assessment.

**** This column indicates when the data reports will be available to the district. The district will send out reports to parents as soon as possible. Please contact the district for further information.
