NEWSLETTER
Each year, CDE -SAC PIE (State Advisory Council for Parent Involvement in Education) reviews submissions and publishes a collection of standout initiatives from districts and schools that highlight working with families and community partners for student learning.

Over 55 years of research indicate that students are more likely to succeed both academically and behaviorally when schools, families, and communities work together. This publication includes over 30 practices categorized by Colorado’s Family, School, and Community Partnerships (FSCP) Framework (CDE, 2020) and the National Standards for Family-School Partnerships (PTA, 2008).

RISE IS BACK!

RISE is a family engagement strategy designed to offer families a way to connect with each other, and staff, around academic outcomes. Families want to know about their children’s academics, and RISE gives them the opportunity to learn what is happening in the classroom and how to help at home. Below is a video featuring RISE families. Listen to our powerful RISE family voices about why they attend RISE meetings. Below is the link to the video. Families want to partner with schools and RISE is way to connect!
